CONTAINER
SOLUTIONS

**Providing safe, quick
and cost effective site
solutions for over a
decade**

Purpose Built for Australian Construction Projects

Site Sheds

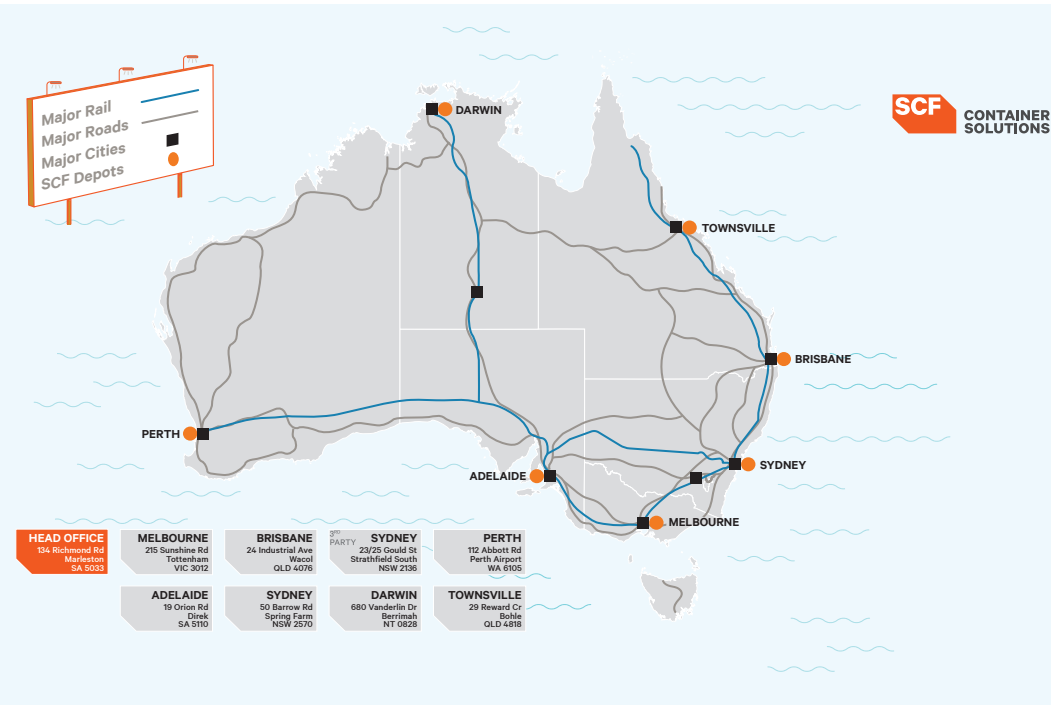

Versatile, safe and energy efficient, our Site Sheds are endlessly configurable, stackable and made from the same high quality materials as our standard containers. Featuring superior Rockwool insulation, plug and play plumbing and 15A single phase power inlets, they are your compact solution to site amenity requirements.

Our National Network

An Australia wide Footprint

Our depots are located across the country, staffed with highly experienced and skillful teams taking care of our assets so they're ready for your project when you need them next. Minimal delays, minimal fuss and maximum efficiency.

Specifications	External	Weight
10ft Site Office	Length (mm)2,991	Tare (kg)2,600
AA196	Width (mm)2,438	Payload (kg)1,000
Specifications may vary	Height (mm)2,896	MGW (kg)3,600

20ft 10kPa Platform

SCF's 20ft 10kPa hoarding platform provides Australian standard compliant overhead protection and crane storage for space constrained sites

Key Features

- + AS4586-2013, Class P5 slip rating when used as cantilevered walkways
- + Complies with Australian Standards AS4100, AS1170.1 & AS1170.2
- + Optional wind and rail guard
- + Optional AS1657 compliant gapless hand rails

Specifications	External		Weight	
20ft 10kPa Hoarding Platform	Length (mm)	6,058	Tare (kg)	2,000
HP2	Width (mm)	2,438	Payload (kg)	20,000
<i>Specifications may vary</i>	Height (mm)	260	MGW (kg)	22,000

20ft Ablution Block

Arguably the most important building on site, SCF's 20ft Ablution block is your comfortable, convenient site amenity and hygiene solution.

Key Features

- + Windows with flyscreen and steel shutters for security and airflow
- + Separate Male and Female toilets with individual access doors
- + Fluorescent LED Lights and double GPOs
- + Installed hot water system

Specifications	External	Weight	
20ft Ablution Block	Length (mm)	6,058	Tare (kg) 3,590
AA296-ATB	Width (mm)	2,438	Payload (kg) 6,410
<i>Specifications may vary</i>	Height (mm)	2,896	MGW (kg) 10,000

20ft Change Room

Give your team a dedicated space to get changed and keep their valuables safe. SCF's 20ft Change Room is a smart choice for on site hygiene support

Key Features

- + Clothing hooks and bench seating
- + Split system reverse cycle air conditioning
- + Hard wired smoke detector with battery back up
- + Lockable steel door

Specifications	External		Weight	
20ft Change Room	Length (mm)	6,058	Tare (kg)	3,370
AA296-AKO	Width (mm)	2,438	Payload (kg)	6,630
<i>Specifications may vary</i>	Height (mm)	2,896	MGW (kg)	10,000

20ft Crib with Bathroom

All the comfort and convenience of our Crib container with the added benefit of an ablution block, this tidy footprint unit can also be utilised as single person accommodation

Key Features

- + Stainless steel kitchenette
- + Full bathroom facilities including shower
- + Microwave and fridge as standard inclusions
- + Installed hot water unit

Specifications	External	Weight
20ft Crib with Bathroom	Length (mm)6,058	Tare (kg)3,590
AA296-AC	Width (mm)2,438	Payload (kg)6,410
Specifications may vary	Height (mm)2,896	MGW (kg)10,000

20ft Crib External Toilet

SCF's 20ft Crib with external toilet is not only a place to refuel and refresh, it can also be utilised as a first aid room to support on site medical needs

Key Features

- + Toilet facilities with external entry
- + Energy efficient internal lighting
- + Stainless steel kitchenette
- + Dedicated installed hot water system

Specifications	External	Weight
20ft Crib External Toilet	Length (mm)6,058	Tare (kg)3,590
AA296-AEX	Width (mm)2,438	Payload (kg)6,410
Specifications may vary	Height (mm)2,896	MGW (kg)10,000

20ft Ensuite Block

How good is a hot shower after a long day? Provide some creature comforts for your team and support proper hygiene with SCF's 20ft Ensuite block

Key Features

- + Lockable steel doors
