20FT CRIB ROOM

EXTERNAL TOILET

Keep your hard working team going with a dedicated space to rest, refuel and refresh. Our Crib Room with external toilet facilities is your all-in-one solution to your team’s daily needs

Details

Want all the mod cons in a safe and comfortable environment? We've got you. Built with the same high-quality materials as our standard containers and portable buildings, the SCF Crib Room with external toilet is installed with hot and cold water, sink, stainless steel kitchenette bench, split system reverse cycle air conditioning and lighting. Our units are constructed in compliance with all Australian standards and the National Construction Code 2013.

It doesn't end there, each unit is built with a strong focus on safety and security, including hardwired smoke alarms with battery backup, lockable steel doors and windows with fly screens and security mesh. Each unit comes with split system reverse cycle air conditioning and there are also provisions for a microwave and refrigerator, which can be installed in depot prior to delivery.

Key Features

- Rockwool insulation and split system reverse cycle air conditioning
- Hot and cold water
- Stainless steel kitchenette
- Energy efficient internal lighting

Options

- Multiple fitout options – Lunchroom or office setup
- Table and seating for your team
