20FT SHOWER BLOCK

SCF's 20ft Shower Block provides a fit for purpose container to keep your team clean and hygienic after long days on site.

Details

A hard working team deserves the benefits that a Shower Block provides - superior hygiene, improved self esteem and some warmth! SCF's Shower Block is purpose built to provide a safe, clean and hygienic place to wash away the day's outputs. It comes with multiple showers, hand basins and mirrors.

Built with the same high-quality materials as our standard containers and portable buildings, the SCF Shower Block is a staple for busy sites that require amenities. Each unit's construction is compliant with all Australian standards and the National Construction Code 2013.

Our construction range thrives in harsh environments. Built from steel (including steel doors) with high quality fittings, our units are designed to last so your site isn't interrupted.

Key Features

- Installed hot water system
- 'Plug and Play' plumbing for quick and easy deployment
