10ft Dangerous Goods

SCF's 10ft Dangerous Goods container is the storage solution that allows you to remove your hazardous goods from your everyday workspaces and store them in an external, compliant, secure and lockable area.

Key Features

- Flexible storage for chemical classes 3, 4.1, 4.3, 5.1, 6.1 and 8 (subject to MSDS compliance)
- Bunded to contain spillages
- Multiple top and bottom vents for air circulation
- Level entrance for added safety
- 316L safety drain valve
- Bund capacity 1,100L to 1,300L

Options

- Give us a call on 131 132 to discuss your custom requirements

Details

SCF's 10ft Dangerous Goods Container is the ideal solution for storing dangerous chemicals, liquids or powders onsite in small workshops, with limited onsite space or difficult access.

Key safety features include ventilation grills at the top and bottom levels of the walls, a safety drain valve and emergency escape internal release handle at the exit door.

All SCF Dangerous Goods Containers are designed to comply with the applicable Australian Standards and certified as a detached store.

Built with galvanised steel flooring, bund to contain spills, raised cross-members to simplify the clean-up of spills and an emergency exit to ensure no one gets locked in.

Upon delivery, each customer will receive an Independent Certificate of Compliance.

Specifications

10ft Dangerous Goods

Specifications may vary

Internal		External	
Length (mm)	2,840	Length (mm)	2,991
Width (mm)	2,348	Width (mm)	2,438
Height (mm)	2,622	Height (mm)	2,896

Capacity

Internal (m ³)	17
Bund (m ³)	1.1 - 1.3
