40FT BULK LIQUID TANK

40ft Bulk Liquid Tank

SCF's 40ft Bulk Liquid Storage tank container makes bulk storage safe and easy. Manufactured for reliability, durability and efficiency, they are the ideal on-site storage solution for liquids, with a capacity of 69,000 L.

Key Features

- AS1657 compliant stair and gantry system
- 4 inch bauer coupling with butterfly valve
- 4 inch camlock coupling with butterfly valve
- Forklift pockets
- Front and rear drain valves
- 440BBL capacity (69,000 L)

Options

- Galvanised steel
- Mounting points for agitators
- Various linings for acid application

Details

SCF's 40ft Bulk Liquid Storage Tank is the newest addition to our fleet and the first of it's size. With ISO certification, the footprint enables easy transportation to and from remote sites.

These tanks have a static storage capacity of up to 69,000 L (440BBL) and are fitted with brackets for a internal mixing system suitable for applications such as water treatment and chemical storage.

Designed to be versatile in application, the 40ft Bulk Liquid Tank can connect in sequence to create greater storage capacity for large-scale projects.

This products range is designed by SCF's in house engineering team and is built strong to endure the harshest conditions.
