**10FT
SITE
OFFICE**

SCF site offices are the ideal unit to successfully manage your project from – insulated, air conditioned and saves on space on site.

Details

SCF Site Offices come with superior Rockwool insulation so you can make important decisions in peace and comfort. A split system reverse cycle air conditioner ensures temperature is steady in hot and cold environments too.

All units are built with a strong focus on safety and security including internal and external lighting and windows with fly screens and security mesh. The units are construction compliant with all Australian standards and the National Construction Code 2013.

Our construction range thrives in harsh environments. Built from steel (including steel doors) with high quality fittings, our units are designed to last so you can get on with your work.

Key Features

- Steel PA doors with lockbox
- Windows with flyscreen and security mesh
- External lighting
